To whom it may concern

Distell Springs started dealing with Mr Michael John Rautenbach (owner of AM Systems) 4 years ago. The service and on time deliveries that he provide us is outstanding.

As a Store Controller I used to call Michael for breakdown spares any time of the day or night and he never failed to deliver. Michael supply me with a big range of electrical and pneumatic spares and is also involved with the overhauling and calibration of all the valves and positioners during our shutdowns.

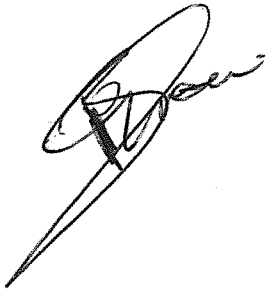

It is a great pleasure to do business with Michael, who is a motivated and responsible person who is always willing to help.

Michael's leadership and integrity displayed in his highly professional team working for him.

With his personality and the level of energy that Michael John Rautenbach run AM Systems definitely put him a head of the rest.

It is a honor to support Michael in this nomination

Regards:

**Ben Everson**
